

TAYplan

The Strategic Development Planning Authority
for Dundee, Angus, Perth and North Fife

TAYplan is a new authority set up to create a Strategic Development Plan for Dundee, Perth & Kinross, Angus and North/East Fife. The plan will set out a vision and a long-term strategy for development, where it will be and what is needed to deliver it.

An initial consultation exercise is being held to give you a chance to have your say early in the process.

Starting on August 10, 2009 the online consultation will last six weeks through the TAYplan website www.tayplan-sdpa.gov.uk.

Anyone who wants to be kept informed of the process can register their contact details through the website. For more information on TAYplan call 01382 307180 or email contactus@tayplan-sdpa.gov.uk.
